2.2 Seller's order acknowledgement shall always prevail over any conflicting terms or provisions of the Contract.

3.1 Prices are those agreed between the parties in the Contract.

3.2 Prices are for Products and Services delivered EXW Incoterms 2020 (or such later version as amended) and are exclusive of packing.

3.3 The prices are firm for the scope and the duration of the order. However, should approval of drawings and/or release for manufacturing not be granted by the Buyer within 30 days from the date of the purchase order, for reasons not attributable to the Seller, or should the energy cost, raw material, components, and transportation prices increase above 2.5% during the performance of the order, the Seller shall be entitled to adjust the price of the affected Products and/or Services accordingly. PPI (Producer Price Index) shall be used as a reference point for determining price increase. (https://ec.europa.eu/eurostat/databrowser/view/sts_inppd_m/default/table?lang=en)

3.4 Additional charges as agreed or otherwise, at Seller's standard rates, will be invoiced to Buyer, and Buyer shall be liable for any of the following: (i) any Services not specified in the Contract; (ii) any Services performed at times other than Seller's standard office hours; (iii) if reasonable site and/or equipment access is denied or delayed to Seller; (iv) any cancelled, aborted, delayed or prevented visits arising from the actions or omissions of the Buyer; (v) parts and labour specified as excluded within Seller's quotation and/or scope/statement of work or the Contract; and (vi) transport and/or insurance costs associated with any special delivery arrangements requested by Buyer and agreed to by Seller.

4.1 Unless otherwise agreed in writing:

- (i) Products and Software will be invoiced at any time after their readiness for dispatch has been notified to Buyer,
- (ii) Annual Services will be invoiced yearly in advance,
- (iii) Non annual Services will be invoiced upon completion, or if agreed otherwise in the Contract.

4.2 Unless otherwise agreed, Buyer shall pay invoice(s) in full, within 30 days of the date of invoice, to the bank account and in the currency specified in the Contract or in the invoice. Payments can only be made from bank accounts in the country of Buyer's incorporation and from bank accounts in its own name.

4.3 Failure to pay an invoice when due shall automatically trigger the payment to Seller of (i) a late payment indemnity due on the day following the due date stated on the invoice, which shall be applied to the amount inclusive of tax of monies owed if the invoice is subject to VAT (Value Added Tax), and (ii) a flat-rate amount of a minimum of 40€ as compensation for recovery costs.

The late payment indemnity is equal to the European Central Bank interest rate on the main refinancing operations + 10 basis points, it being specified that the interest rate applicable during the first six months of a year shall be the interest rate applicable at January 1st of the same year, while during the following six months shall be applied the interest rate applicable on July 1st of said year.

In case of repeated late payments, the Seller will be able to terminate the Contract pursuant to Clause 19.1.

Seller shall be entitled to make partial deliveries. Claims for shortfalls in Contract deliveries shall be void if made more than 7 days after the delivery in cause.

5.2 Subject to Clause 11, title and risk to the Products shall pass to Buyer at the time of delivery of the Products to the carrier at the place agreed in the Contract.

5.3 Dates for delivery of the Products and Software or completion of Services are only estimated forecasts and apply from the Effective Date. Exceeding such dates shall not result in Seller's default. If Buyer's acts and/or omissions impacts, delays or prevents Seller's performance, the delivery/completion period and price shall be adjusted accordingly. If delivery is so prevented, or if having been notified that the Products and Software are ready for dispatch Buyer fails to take delivery or provide adequate shipping instructions, Seller shall be entitled to place the Products and Software into a suitable store at Buyer's expense. Upon placing the Products and Software into store, delivery shall be deemed to be complete, title and risk shall pass to Buyer and Buyer shall pay Seller accordingly.

6. FORCE MAJEURE AND HARDSHIP

6.1 The Contract shall be suspended, without liability, in case of a Force Majeure event. A Force Majeure event is any circumstance beyond the reasonable control of the party affected, which delays or prevents its performance of the Contract, including but not limited to: Acts of God, war, armed conflict or acts of terrorism, civil unrest, fire, explosion, accident, flood, sabotage, governmental decisions, actions or inactions (including but not limited to prohibition of exports or re-exports or the failure to grant or the revocation of applicable export licenses), strike, lockout or injunction. portion of the Contract by written notice to the other party, without liability provided that Buyer shall be obliged to pay Seller's reasonable costs and expense associated with any work in progress and to pay for all Products and Software delivered and Services performed as at the date of termination.

6.2 If during the execution of a quotation or the Contract, there is a substantial change in economic or political or manufacturing or freight circumstances (including without being limited to viruses, viral outbreaks, disease, pandemics, widespread sickness, epidemic and other illness or sickness) which affects Seller's operation such that the performance or delivery times become excessively onerous to Seller (hereinafter: "Hardship"), the Parties will meet forthwith to review the situation and discuss in good faith alleviation of the Hardship by renegotiation of the relevant term or terms of this Contract and Seller shall have no liability for any contractual penalties nor for any damages of any kind (incl. liquidated damages) in connection therewith. The Parties shall review periodically the situation. As soon as the cause of Hardship no longer exists the previous term or terms of the Contract shall be automatically reinstated with such modifications as the Parties may have agreed.

Further, the execution of this quotation or Contract shall be suspended, without liability, in case of a Force Majeure event.

7. INSPECTION(S) AND TESTING

7.1 Seller shall inspect and test Products (excluding Parts) in accordance with Seller's standard inspection and test procedures. Buyer shall be liable for any fees associated with additional inspection(s) or test(s) requested by Buyer and agreed upon by Seller. c) adequate first aid and medical facilities at or adequately close to the Site.

8.2 Buyer will be responsible for ensuring that the Plant is correctly installed and fit for its purpose and that any necessary minor adjustments to be made to the Plant are carried out expeditiously.

8.3 Unless otherwise agreed Seller will not be responsible for unloading the Products and moving it to the place of Installation. If, in Seller's sole opinion, the Site environmental conditions are not suitable for the Installation of the Products or the performance of Services, a safe

working environment does not exist on Site or if Buyer fails to have provided any facility or assistance to be provided by it under the Contract, Seller's obligations to provide Services shall be suspended (without liability to Seller) until the conditions have been rectified to Seller's satisfaction and any time limits for completion of the Services shall be appropriately extended. If the Products have suffered loss, damage, or deterioration after delivery and before Services commence, the Products shall be put in a satisfactory condition at Buyer's cost before Seller shall be obliged to proceed.

10. SITE ACCEPTANCE TESTS

Where Seller is responsible under the Contract for the performance of the Site Acceptance Tests:

10.1 When Installation is complete to Seller's satisfaction, Seller will give notice to Buyer of the commencement of the Site Acceptance Tests. Unless otherwise agreed in the Contract, the Site Acceptance Tests will be conducted in accordance with test procedures mutually agreed between the parties.

10.2 If Seller is unable to proceed with Site Acceptance Tests on the due date for commencement thereof due to reasons within the control of Buyer, or if the Products fails to pass the Site Acceptance Tests due to reasons outside Seller's control, the Products shall be deemed to have been taken over and the site acceptance certificate shall be deemed to have been signed by Buyer. In either event the Site Acceptance Tests, or repeats thereof, shall be conducted at a time to be agreed and any additional costs incurred by Seller shall be to the account of Buyer.

10.3 If during the Site Acceptance Tests any of the Products are found not to be in accordance with Seller's specifications, Seller shall promptly make good the defect. Thereafter the Site Acceptance Tests shall be repeated in accordance with this Clause 10.

10.4 When the Products have passed Site Acceptance Tests, Buyer shall sign a Site Acceptance Certificate. The Site Acceptance Certificate may record that the Products have passed the Site Acceptance Tests but subject to reservations related to minor nonconformities to Seller's specifications, which will be rectified by Seller at a time to be agreed.

10.5 The signature of the Site Acceptance Certificate by Buyer shall, save in the case of fraud or dishonesty relating to, or affecting any matter dealt with therein, be conclusive evidence of the sufficiency of the Products and any Services provided by Seller in connection with the Contract.

If prior to the expiry of the Warranty Period (as defined in section 11.1.3) and in any case within thirty (30) days after Buyer's discovery of any warranty defects (as described above) within the Warranty Period, Buyer notifies Seller thereof in writing, Seller shall, at its option, and as Buyer's exclusive remedy, repair, replace or refund the purchase price for that portion of the Products found by Seller to be defective. Failure by Buyer to give such written notice within the applicable time period shall be deemed an absolute and unconditional waiver of Buyer's claim for such defects.

11.1.2 Consumables, including, without limitation, glass parts and electrodes, membranes, liquid junctions, electrolytes and reagents, O-rings, plastic tubes, elastomers, etc. are warranted to be free from defects in material and workmanship under normal use and service for a period of ninety (90) days from the date of shipment by Seller.

Products repaired or replaced shall be subject to the unexpired portion of the Warranty Period or for ninety (90) days from the date of their return to Buyer, whichever expires the later.

To the extent permitted under applicable law, repaired or replacement items will be delivered by the Seller at the Seller's cost to the Buyer's mainland site in France or, if the Buyer is located outside France, FCA in France.

11.2 WARRANTY ON SERVICES

11.2.1 Seller warrants subject to the other provisions of the Contract that it will perform the Services, as described by the Seller and subject to the scope of work, with all reasonable skill and care applicable to Seller's industry. Seller warrants that all Services performed shall be free from defects in workmanship for a period of ninety (90) days from completion of Services. Except for warranty provided by the Parts manufacturer, the Parts furnished hereunder are furnished as-is, with no warranty whatsoever. The sole and exclusive remedy for breach of any warranty hereunder shall be limited to, at Seller's sole option, either correct performance for that portion of the Services found by Seller to be defective or refund of the price paid for the defective Services.

11.3 WARRANTY SCOPE AND EXCLUSION

11.3.1 Products and spare parts sourced by Seller from a third party for resale to Buyer shall carry only the warranty extended by the original manufacturer.

11.3.2 No other representations, warranties or conditions of any kind, express or implied, shall apply as to satisfactory quality, merchantability, fitness for any particular purpose or any other matter with respect to any of the Products or Services except for those described within the Seller's scope of work and for those particular purposes which have been clearly disclosed by Buyer and specifically accepted by Seller to fit specific Buyer's requests. These warranty terms represent Buyer's exclusive remedy for defects.

11.3.3 Notwithstanding Sub-clauses 11.1. and 11.2 Seller shall not be liable for any defects or non-conformities to Seller's specification caused by (i) fair wear and tear, (ii) accident, (iii) materials or workmanship as made furnished or specified by Buyer, (iv) non-compliance with Seller's storage, installation, or operation instructions or environmental specifications, (v) unsuitable power sources, (vi) lack

of proper maintenance, (vii) misuse, (viii) any modification or repair not previously authorized by Seller in writing (ix) the use of non-authorized Software or spare or replacement parts (x) nor any other cause not the fault of Seller. Seller's costs incurred in investigating and rectifying such non-conformances shall be paid by Buyer upon Seller's demand.

12. SUPPLEMENTARY WARRANTY APPLICABLE TO SOFTWARE

Except as otherwise provided herein, Seller grants end-user a perpetual, non-exclusive, worldwide, personal, non-transferable, and non-sublicensable license to install and use the Software for end-user's personal internal business operations. End-user's use of certain Software shall be governed exclusively by Seller's and/or third-party owner's applicable license terms. Use of Software by any individual or organization not authorized in writing by Seller is strictly prohibited.

14. LIMITATION OF LIABILITY

14.1 Notwithstanding any other provision of the Contract, Seller's exclusive combined maximum aggregate liability for any and all losses, liabilities, expenses - including legal expenses, damages (personal injury excluded), claims or actions incurred under or in connection with the Contract or any collateral contract between the parties, arising in or by virtue of breach of contract, breach of statutory duty, infringement of Intellectual Property Rights or otherwise, shall in no circumstances exceed the Contract Price.

14.3 Nothing in the Contract or any collateral contract shall exclude or limit any Seller's liability to the extent that such liability may not be limited or excluded as a matter of law.

15. INTELLECTUAL PROPERTY

15.1 All Intellectual Property Rights regarding Products, Documentation, Services and Software remain with Seller. Seller shall also retain the Intellectual Property Rights of all inventions, designs and processes made or developed by Seller in the context of performance under the Contract. Commercial exploitation of Seller's Intellectual Property Rights and third-party rights is strictly prohibited.

15.2 Buyer is hereby granted a non-exclusive, royalty-free license to use the Documentation and Embedded Software in conjunction with the Products and under the terms and conditions under which the Embedded Software and Documentation are supplied, provided that

and for so long as the Embedded Software and Documentation are not copied (unless expressly authorized by applicable law) and Buyer holds the Embedded Software and Documentation in strict confidence and does not disclose them to others, or permit others to have access to them (other than Seller's standard operating and maintenance manuals). Buyer may transfer the foregoing license to another party which purchases, rents or leases the Products, provided the other party accepts and agrees in writing to be bound by the conditions of this Clause 15.

15.3 Subject to the limitations contained in Clause 14, in the event of any third party claim for infringement of Intellectual Property Rights existing at the Effective Date and arising from the use or sale of the Products, Services and Software, Seller shall indemnify Buyer against all reasonable costs and damages awarded against Buyer in any action for such infringement, or for which Buyer may become liable in any such action, provided always that Seller shall not be liable to so indemnify Buyer in the event that:

(i) such infringement arises as a result of Seller having followed a design or instruction furnished or given by Buyer, or the Products and Software having been used in a manner or for a purpose or in a country not specified in the Contract or in association or combination with any other equipment or Software, or the Products and Software having been modified other than in accordance with Seller's written instructions, or

(ii) Seller has at its expense procured for Buyer the right to continue to use the Products and Software or has modified or replaced the Products or Software so that they no longer infringe, or

(iii) Buyer has failed to give Seller the earliest possible notice in writing of any claim made or to be made or of any action threatened or brought against Buyer and/or Buyer has failed to permit Seller, at Seller's expense, to conduct and control any litigation that may ensue and all negotiations for a settlement of the claim and/or Buyer has failed to cooperate with Seller in the defence of any such claim and/or action, or

(iv) Buyer has made without Seller's prior written consent any admission which is or may be prejudicial to Seller in respect of any such claim or action.

15.4 Buyer warrants that any design or instructions furnished or given by it shall not cause Seller to infringe any Intellectual Property Rights in the performance of Seller's obligations under the Contract and shall indemnify Seller against all reasonable costs and damages which Seller may incur as a result of any breach of such warranty.

16. CONFIDENTIALITY

16.1 This Contract, the subject matter thereof and all designs, drawings, specifications, software and other information whether of a technical or commercial nature shall be treated as confidential by Buyer and shall not, without Seller's prior consent in writing, be disclosed by Buyer to any third party or used by Buyer for advertisement, display or publication or for any purpose other than as necessary for the proper performance of its obligations under this Contract.

17. STATUTORY AND OTHER REGULATIONS

17.1 If Seller's performance of its obligations under the Contract shall be increased, reduced or adversely affected in any way by reason of the making or amendment after the date of Seller's quotation to the Buyer of any applicable regulation, Seller will be entitled to propose adjustments to the Contract accordingly. The performance of the

Contract shall be suspended (except for ongoing deliveries and payment of payable invoices) from Seller's proposal until the parties agree upon the adjustments to be made. Absent of agreement within fifteen (15) calendar days from Seller's proposal, the Contract could be terminated as of right and without indemnity by either party by registered letter with acknowledgement of receipt.

17.2 Except to the extent otherwise required by applicable law, Seller shall have no responsibility for the collection, treatment, recovery or disposal of (i) the Products or any part thereof when they are deemed by applicable regulation to be 'waste' or (ii) any items for which the Products or any part thereof are replacements. If Seller is required by applicable law, including waste electrical and electronic equipment legislation, European Directive 2012/19/EU (WEEE) and related legislation in EU Member States, to dispose of 'waste' Products or any part thereof, Buyer shall, unless prohibited by applicable law, pay Seller, in addition to the Contract Price, either (i) Seller's standard charge for disposing of such Products or (ii) if Seller does not have such a standard charge, Seller's costs, including all handling, transportation and disposal costs and a reasonable mark-up for profit which shall not exceed eight per cent (8%), incurred in disposing of such Products.

In no event shall Buyer use, transfer, release, export, or re-export any such Products, Services, Software, or technology in violation of Trade Compliance Laws or the requirements of any Import/Export Licenses. Buyer agrees furthermore that it shall not engage in any activity that would expose the Seller to a risk of non-compliance and liabilities under laws and regulations of any relevant jurisdiction prohibiting improper payments, including but not limited to bribes, to officials of any government or of any agency, instrumentality, or political subdivision thereof, to political parties or political party officials or candidates for public office, or to any employee of any customer or supplier. Buyer and Seller agree to comply with all applicable legal, ethical and compliance requirements. Unless otherwise agreed in writing with the Seller, Buyer shall provide information in a format requested by Seller regarding end-user, end use and final destination of the Products, Software and or Services.

18.2 Seller shall have no obligation to supply any Products, Software, Services, or technology unless and until it has received the necessary import/export Licenses, if any, or all the information requested is provided. If for any reason any such import/export Licenses are denied or revoked, or if there is a change in any Trade Compliance Laws that would prohibit Seller from performing under the Contract, or would the execution of the Contract, in the reasonable judgment of Seller, have an impact upon company's reputation or otherwise expose Seller to a risk of liability under Trade Compliance Laws, Seller shall be relieved without liability of all obligations under the Contract.

18.3 Buyer acknowledges that Seller is committed to eliminating all risk of bribery and corruption and agrees that it shall not engage in any activity, practice or conduct that would expose Seller to a risk of penalties under Anti Bribery or Corruption laws and regulations of any relevant jurisdiction including without limitation those of the United States, the European Union and the jurisdictions in which Seller and Buyer are established. Buyer warrants and undertakes that it has and will maintain in place, adequate procedures to prevent any conduct

that would give rise to an offence under any applicable Anti Bribery or Corruption laws and regulations, and each of its employees, directors, officers, subcontractors, agents and representatives has not taken, and will not undertake any actions which constitutes a breach of any Anti-Bribery or Corruption laws and regulations.
